

## COVER CREAM

a leader for over 50 Years

## How do I use Veil?

Follow the four basic principles:  
**Cleanse, Tone, Apply, Set.**

- 1. Cleanse** - Using fingertips, thoroughly cleanse face or part of body to be covered with Veil Cleansing Cream and wipe off with a cotton wool pad.
- 2. Toning** - This step is very important. If there is any remaining oil on the skin, it could make Veil slip. A good toning lotion will remove every last trace of oil. Veil Toning Lotion is an effective combination of Hamamelis Distillate (Witch Hazel) and Rosewater. Wipe gently over cleansed skin using cottonwool pad, and pat dry. Your skin is now prepared for Veil application. **No moisturiser is to be applied.**
- 3. Remove Veil** from jar with a small spatula or fingertips. **Apply Veil** thinly with fingertips or sponge over area to be covered. Smooth and blend the outer edges onto the natural skin. If you find that the covered area is looking patchy, proceed to cover the whole face. Veil is equally effective as a foundation. It is also excellent for those who lose foundation quickly. If Veil does not go on smoothly, or it streaks, this indicates that there is still oil on the surface of the skin.
- 4. Setting** - To ensure long-lasting, waterproof coverage, the final important step is to set the Veil with the loose translucent Veil Finishing Powder. Press in powder liberally using a cotton ball or powder puff with a gentle rocking motion, but do not rub. Remove excess powder with a dampened cottonwool pad or large brush using a downward stroke.
- 5. If coverage is not complete, apply a second layer, and set with finishing powder again. Remember - two thin layers are more effective than one thick application.**

## How do I remove Veil?

Once again, use a good cleanser (Veil Cleansing Cream). Remove with damp cotton wool or sponge. Follow with toner.

### HELPFUL HINTS.

- 1. Veil is waterproof so you will be able to swim knowing the coverage will remain. But pat yourself dry rather than rub.**
- 2. Cover occasional blemishes with Veil. Then follow with a water-based foundation. The foundation may be applied lightly over the already powdered Veil without disturbing it.**
- 3. If you are applying blusher or eye shadows on top of Veil, always use the powder variety. A cream could disturb the Veil.**
- 4. Lipstick - for a longer lasting effect, apply Veil thinly to the lips, set with finishing powder, then apply lipstick on top. Blot gently, and lipstick should last for hours longer.**
- 5. Touch-ups and repairs. There will be times when a touch-up or repair is needed, such as after a long, hot day or strenuous exercise. Usually the first areas to shine are the forehead and the sides of the nose. Assuming the Veil has not been disturbed, simply apply more loose powder and press in gently to take away the shine. If the Veil has been disturbed, apply new Veil gently and powder.**
- 6. Veil should always be applied to clean, dry, oil-free skin. If you wish to use a moisturiser, we suggest you do so at night. Next morning be sure to cleanse and tone thoroughly before applying Veil.**
- 7. When covering exceptionally dark marks, it may be helpful to apply the white shade first. Set with powder then gently apply the chosen shade, and set with powder again.**
- 8. During summer you may require a darker shade to match a suntan.**  
**Caution:** Never use Veil on open skin lesions or unhealed scar tissue.

### Other products available from Veil.

**Veil Cleansing Cream** A specially formulated cleansing cream which is un-perfumed for allergy-free use. Gently and easily removes Veil and other make-up leaving your face feeling ultra clean. Also, use this cleansing cream as part of your morning routine.

**Veil Toning Lotion and Skin Freshener** Combining the gentle but astringent properties of Hamamelis Distillate (Witch Hazel) with the delicate aroma of Rose Water, this toning lotion removes remaining traces of oil and leaves skin feeling delightfully freshened.

**Veil Finishing Powder** A loose translucent powder essential to set Veil cover cream and help prevent it from rubbing off. It is un-perfumed for allergy-free use.

**Veil Demonstration Kit** Contains all 27 colours and finishing powder. Excellent for learning how to blend. No make-up artist should be without one.

Veil ingredient information available on request.
